PROFESSIONAL EXPERIENCE

Full Stack Developer (Bootcamp Rock{theCode}) | 2023–2024

- Developed web applications using JavaScript, React, Node.js, and MongoDB.
- Created REST APIs, managed databases, and used Git for version control.
- Gained experience through more than 10 projects completed during the bootcamp, plus personal projects and freelance work

Electrical Sector

- Installation, assembly, and maintenance of electrical systems in companies such as Ormazabal, Schneider Electric, Fusebox, and Witon.

Transportation Sector (Autofutas SL) | 2016–2017 | Freelance Driver

- Responsible for nationwide vehicle delivery across Spain.
- Required strategic planning and efficient time management to meet strict deadlines.

INTERESTS

- Web Development & Technology: Passion for staying up to date with the latest trends and creating innovative digital solutions.
- Automation & Algorithmic Trading: Interest in automated strategies and financial market analysis, strengthening logic and problem-solving skills.
- Video Games & Gamification: Enthusiasm for video games as a medium of entertainment and inspiration for creating interactive user experiences.
